§I to \$2.98 Shirt waists.

We announced the offering yesterday and no need to tell you that we've had a crowded house all day.

Ecash or credit.

Washington has never known of such a sale as this -fer nobody has ever dared make such a sacrifice. We might get full price-and make enormous profits on them, for we bought them very low. But we shall not, for we would rather get you here and make your acquaintance.

It came about in this way. The foremost manufacturer in Baltimore came to us and wanted to dispose of all the Shirt Waists on hand. Wanted us to make him an offer. Laughed at the first one, but afterward considered it seriously and wired us that he would send them at once-160 dozen of the finest percales, lawns, dimities, batistes and French ze phyrettes in every imaginable and popular pattern-linens, dresdens, mourning color, fancy stripes, checks and plaidswaists that have never sold for less than \$1, and most of them are waists the like of which have been selling for \$2 and \$2.98. Perfect fitting, large balloon sleeves, perfectly cut collars and cuffs. They may last two days, and perhaps not. Don't take the chances.

Ripans Tabules.

R. I., writes: "Ripans Tabules have proved decidedly beneficial in my family. For years I was troubled by Many times I have been from four to ten days with no evacuation of bowels whatever, and the pain and sense of heaviness at such times has been most intense. I tried over thirty different advertised remedies, but still the distress continued to increase rather than to diminish. At last I saw an ad. of 'Rhans Tabules' in a magazine that came to my study (the Homiletic Review, I believe), and at once secured a package of the Tabules, and began taking them according to directions given thereon. I shortly began to have full, regular and painless evacuations; my sleep became sweeter and more resting, appetite increased, and, within a few weeks, the trouble entirely left me, and no relapse has thus far taken place and none is anticipated. I regard myself as having been entirely cured by Ripans Tabules or Tablets. My mother, also, Mrs. Sarah L. Budlong, has been cured of a like trouble and by same means. I sincerely hope the sales will increase to that extent that every family in the land will use this remedy for this distressing and dangerous complaint. "(Signed), REV. C. JAMES BUDLONG."

SHOOTING THE CHUTE.

Reduced

The Greatest Attraction to Be Found at a River Resort. Have you been down to River View to shoot the chute? Well, if you haven't you've missed lots of fun, for there's really more fun in coming down the artificial waterway into the big lake than there is in any other amusement provided for excursionists on the Potomac river.

The shaft of the chute is 75 feet high and the top of it, the starting point, is reached by means of an elevator. An independent electric lighting plant illuminates the chute, and gives the whole affair a bright and attractive appearance for miles around. From the water the boats are carried to the starting point by means of an endless chain, and the machinery used for this purpose is in the machinery used for this purpose is in the machine room on the ground floor. A flowing stream of water over the chute also adds to its attractiveness, and this is pumped from the river at the rate of nearly one thousand gallons a minute. The latest improved machinery is used in connection with the chute, and the costly structure is thus made perrectly secure. Captain Randall has made many improvements about the grounds, and in addition to the chute has the roller coaster or switchback railway, which has never lost switchback railway, which has never lost its popularity; steam flying horses, bowling alley, shooting gallery, shuffle boards, riding track, with horses and goats, and there is always music and dancing.

Colonial Beach Festivities.

The season at Colonial Beach is now inder full headway, and the many cottagers and sojourners at the hotels at this popular resort are enjoying the attractions for which the Beach is justly celebrated. The first grand ball of the season, and for which the whole surrounding country has been making preparations for weeks past, will be given by Mr. Woods, proprietor of the Colonial Beach Hotel, at the handsome and commodious Casino tomorrow evening. Professor Esputa's orchestra and the Casino Band will provide the best of music for dancing and promenade, and a fine collation will be furnished during the evening.

The John Sylvester will leave Clyde dock, foot of 7th street, at 5 p.m. (an hour earlier than her regular Saturday time), arriving at the Beach at 9 o'clock, thus affording an opportunity for these desiring an opportunity for these desiring.

an opportunity for those desiring to do so to attend the ball and enjoy the pleasures of a fine country ball. The steamer returning, leaves the Beach at 1 o'clock to make her regular run there and to Lower Cedar on Sunday at 9 a.m. Tickets for the special trip at 5 p.m. Saturday are good to stop over, returning Sunday evening.

Safely Over the Mark. The gold reserve has been once more

placed safely over the hundred million mark. This was accomplished through the deposit of gold coin by the banks in exchange for United States notes. The total gold coin contributed by the banks up o the close of business yesterday was \$15,-250,000. This was added to the reserve of \$86,631,770, and brought the total up to \$101,881,770. There was no gold taken for export yesterday, showing that the New York bankers have control of the exchange market and are using their power to pro-tect the treasury. The hoardings also fell off, amounting to only \$238,900 in coin.

A Suit for Damages. The American Security and Trust Company, as executor of the estate of the late B. H. Warder, has been made the defendant in a suit filed by William Homburg through his next friend, Ernest F. Homburg, in which \$25,000 damages are claimed because which \$25,000 damages are claimed because of injuries alleged to have been received by the boy the 29th of last August. The plaintiff charges that the defendant falled to guard an excavation on land belonging to the estate on California street, the boy permanently injuring himself by falling in it. He is represented by Attorneys E. V. Brookshire and C. L. Trevitt. AT COLONIAL BEACH.

Gay Times at the Popular Lower River Resort. ndence of The Evening Star

COLONIAL BEACH, Va., July 23, 1896. Without doubt this resort is becoming more popular each season. The Beach is taxed to its utmost to accommodate the large crowds already here, and with the fine bathing, crabbing, fishing and boating to be found here it may well be termed the Coney Island of the eastern shore.

The first masque ball of the season, given last Wednesday at the Casino, was a brilliant success. Miss Madelene E. Phillips was awarded a handsome gold medal for the best fancy costume. Miss Sadie Bates received a gold medal for the next best fancy costume, and Miss Alice Weaver received a silver medal for the most original

costume.

Mr. Claude McCauley has returned to the Beach, after attending the funeral of his sister, in Washington.

Miss Hattle Rotschild, accompanied by her sister Sadie, has gone to the city, after a three weeks' stay. She expects to return on the 26th and remain the balance of the eason. Messrs. H. Cassell, W. W. Sheed and W

Hayes are at the Renshaw for two weeks.

A unique entertainment was given in the large dining rooms at the Colonial Beach Hotel Monday night.
Miss Emma Nightingale and Miss Moille

Kiernan are stopping with Mrs. John Adams for two weeks. A grand ball will take place at the Casino Saturday night. The Sylvester will leave Washington at 5 p.m., and will make a quick run to be in time for the ball.

Mr. Temple and wife, Miss Irene Pyles and Miss Aliene Lucas are stopping at the Renshaw. Mr. T. Orani, wife and daughter spen four days with Mr. G. Marmelli. Several moonlight excursions have visited the beach within the last week, one on the steamer Wakefield from Nomini and one on the Harry Randall from Chapel Point.

Mr. C. L. Pierson, who has charge of the new bath houses on the beach, has erected a large stand with spring-board attach-ment and raft for the accommodation of bathers.
